May 27, 2009 – **Leading Windows Networking resource site, WindowsNetworking.com, announced today that 3CX Phone System for Windows was selected the winner in the IP PBX Server category of the WindowsNetworking.com Readers' Choice Awards.**

“Our Readers' Choice Awards give visitors to our site the opportunity to vote for the products they view as the very best in their respective category,” said Sean Buttigieg, WindowsNetworking.com manager. “WindowsNetworking.com users are specialists in their field who encounter various solutions for Enterprise Networking at the workplace. The award serves as a mark of excellence, providing the ultimate recognition from peers within the industry.”

[WindowsNetworking.com](#) conducts monthly polls to discover which product is preferred by network administrators in a particular category of third party solutions for Enterprise Networking. The awards draw a huge response per category and are based entirely on the visitors' votes. WindowsNetworking.com visitors can submit their votes for the current Readers' Award poll in the site's left-hand bar.
