

Acclaimed Miami Cosmetic Dentistry Practice Welcomes Dr. George Kolos to Team

Released on: January 27, 2010, 11:14 am

Author: Dr. Nottingham/ [Smile South Florida Cosmetic Dentistry](#)

Industry: [Healthcare](#)

FT. LAUDERDALE, FL — Internationally recognized cosmetic dental practice Smile South Florida has recently added a top Miami cosmetic dentist to its lauded staff. Bringing 20 years of cosmetic and restorative dental experience to his new home at Smile South Florida, Dr. George Kolos, DMD, looks forward to providing his patients with beautiful and healthy smiles for years to come.

Dr. Kolos is currently practicing from Smile South Florida's [Miami Cosmetic Dentistry](#), Fort Lauderdale, and Boca Raton offices. The Miami dentist was invited to join Smile South Florida due to his body of work as a Ft. Lauderdale cosmetic dentist, his status in the dental community, and his personal relationship with Smile South Florida's leading dentist, Dr. Charles Nottingham.

"The opportunity to practice alongside my colleagues at Smile South Florida was an opportunity I couldn't pass up," says Dr. Kolos. "The team has made an impression across the globe as leaders in cosmetic dentistry. Working in this atmosphere of advanced technologies with a world-class staff that practices patient-friendly treatment makes it easy to come to work ready to make a difference in my patients' lives."

When possible, the [cosmetic dentist](#) prefers to treat patients with less invasive, less painful methods such as Waterlase dental laser treatment. Waterlase treatment is an advanced dental restorative tool that replaces traditional dental drills.

Whereas drills necessitate the use of anesthesia and create painful, traumatic experiences, Waterlase can remove tooth decay and perform periodontal (gum) treatment with less discomfort to the patient. In fact, Waterlase treatments have little need for anesthetics due to its less-invasive nature comments Dr. Kolos.

"I may be at a different office, but I will always be treating my patients delicately and with the utmost respect," says Dr. Kolos. "I hope to see many of my patients from my private practice at Smile South Florida and I am looking forward to making new connections with new patients as well."

Prior to joining Smile South Florida, Dr. Kolos practiced from his private [Fort Lauderdale dental](#) practice for 20 years. Dr. Kolos is an adjunct professor at Nova Southeastern College, the Broward County's Dental Association's (BCDA) President, and is a Waterlase dental laser instructor. The [Ft. Lauderdale dentist](#) also gives back to the community through the Give Kids A Smile program, volunteer work at food banks, and planting mangroves at Kids Ecology Core.
