The Hospital Group has reported that lower eye surgery is becoming increasingly popular amongst women. More lower eye surgery procedures were performed than upper eyelid lifts in 2009, as well as there being a larger percentage increase in the procedure over the past 5 years.

The appearance of droopy skin loose under the eyes can be very ageing and give a "sad" look to your face. Sun and smoking can accelerate the signs of ageing, while others are more prone to inherit the condition. condition This can easily be remedied

with a simple eyelift procedure.

Eye bag removal is a common and simple plastic surgery procedure which can deliver dramatic results, making the eye area look more youthful, attractive and alive. The procedure is becoming increasingly popular in men as well as women. The Hospital Group can help you achieve a more bright-eyed, wide awake look.

A spokesperson for The Hospital Group, said: "THG Comment: - "We see more patients in need of eye bag removal than eye lift surgery and

this procedure is a lot more popular. Eye bags can also be caused through stress, smoking and genetic factors."

The Hospital Group is one of the UK's leading providers of cosmetic surgery, number one in obesity surgery and tummy tuck experts. So whatever your requirements, you can rest assured in the safe hands of the professionalism and experience that THG has to offer.

Since The Hospital Group was established in 1992, it has risen to become the UK's biggest weight loss surgery providers, performing more gastric band procedures last year than the NHS. The Hospital Group is committed to providing the very highest standards and all procedures are performed by an expert medical team in state-of-theart facilities that are second to none.
