MINNEAPOLIS, MN -- E-Switch announces the WBL series, an illuminated pushbutton switch. With a right angle design and long travel, this illuminated pushbutton switch offers you the option of two or four poles. You can also choose many LED color options for this switch. Specifications include:

Mechanical Life: 10,000 cycles
Force: 200 +/- 100 grams
Travel: Full: 3.3 +/- 0.3mm; To Lock: 2.5 +/- 0.3mm
Contact Arrangement: DPDT & 4PDT
Contact Rating: 30VDC, 300mA
Contact Resistance: 50milliohms (initial max)

Insulation Resistance: 100Megaohms min @500VDC
Dielectric Strength: 500VAC
Operating Temperature: -20C to +70C

This new illuminated pushbutton switch works great for telecommunications, consumer electronics, audio/visual, medical equipment, and computer applications.

Visit E-Switch to request your full-line catalog! You can also request a sample of one of over 4,000 discrete part numbers for one of your projects! Little Details. Big Quality.

About E-Switch. In 2009, E-Switch, Inc. acquired Lamb Industries and now offers one of the broadest switch lines available today. Both companies have been delivering innovative and quality switches to the electronics, telecom, high tech, instrumentation, industrial, appliance and consumer markets since 1979. Located in Minneapolis, Minnesota, and Portland, Oregon, their global reach extends to Europe, Asia and Latin America. Products include rocker switches, toggle switches, slide switches, tact switches, pushbutton switches, DIP switches, rotary switches, keylock switches, snap action switches, power switches, illuminated switches, and more. E-Switch has local reps, distributors, engineers and account managers on hand to provide specifying assistance and quick response to requests, along with a top notch sampling and cross-referencing program. E-Switch's online catalogs include complete specifications, drawings and schematics.
