[Malibu, CA] - Sunset Malibu, an exclusive Hollywood Hills drug treatment center on the California coast, has long been a transformational force in the field of rehabilitation and recovery. Now, Sunset is announcing its redoubled efforts in helping clients overcome the ravages of drug addiction.

Drug abuse is a unique disease. By the same token, drug treatment must have a unique process. The only effective [Hollywood Hills drug treatment center](#) is one which provides specially designed recovery programs to their clients. In the end, there's simply no other way to promote meaningful and lasting wellness.

Those considerations, in turn, are at the heart of Sunset Malibu's treatment philosophy.

With its world-class caregivers and elegant accommodations, Sunset Malibu is an unparalleled recovery destination. The Hollywood Hills drug treatment center has always catered to upscale clients from

every corner of the globe. Now Sunset is renewing its commitment to its core values, with the goal of delivering life-changing care to individuals who seek it. At Sunset Malibu, the client always comes first.

"Drug addiction is fundamentally distinct from alcohol addiction," said Sunset Malibu's Program Director. "That's why our exclusive Los Angeles drug treatment center is specially designed to help clients meet the challenges of the drug treatment process. We believe that our long record of success proves the merits of our methods."

Unfortunately, that emphasis on targeted and nuanced care is precisely what sets Sunset apart from its competitors.

It's easy for a Hollywood Hills drug treatment center to pay lip service to the importance of specialized inpatient treatment. It's harder for an Hollywood Hills drug treatment center to live up to its own standards. The truth is that many of the most high-priced Malibu drug treatment center provide the same generic program to both drug addiction victims and alcohol addiction victims. Unsurprisingly, these institutions routinely fail to help clients achieve sustainable sobriety.

Under the circumstances, argues Sunset's Clinical Team, those shortcomings are inexcusable.

"The stakes in the fight against drug addiction are enormous," Sunset Malibu's Program Director said. "At Sunset Malibu, we're keenly aware of our responsibility, and we do everything in our power to repay the faith our clients invest in us. To do anything less would be to breach our professional and ethical obligations."

It's no secret that drug abuse ruins lives. What might not be so obvious, though, is that a Hollywood Hills drug treatment center really can help to solve the problem. The experts at Sunset Malibu have proven themselves capable of guiding clients towards healthier and happier futures. As those clients have learned firsthand, no outcome could ever be more desirable than that one.
